

# A Simple Truth

THE WAY THAT LEADS TO LIFE

## *In the Beginning, God...*

In the beginning God... Although the first sentence as stated in the Holy Bible goes beyond these four words, rest for a moment on just these for they contain a powerful and simple truth. "In the beginning" there was God! In Hebrew the word *beginning* means the first (in place, time, order or rank). It also means first with regard to dignity and first of its kind with regard to time. *Dignity* is defined as formal or serious conduct or manner, worthiness, high rank or title. So in essence, not only is Elohim the Source of all things created, Yehweh God is the Source of all that is; for nothing exists that was not made by Him (Colossians 1:16). Through Him is the beginning of time, space and substance for within Him was formed the thought and purpose for all things created to function according to the place and order with which He spoke it into existence. This includes all things visible and invisible, seen and unseen. When each of us was brought forth in our beginnings, it was for the purpose God had in His mind before the foundation of the world (Ephesians 1:4). He saw and said it was very good for all that He created (Genesis 1). That means in spite of how others may see us, how many lies or distortions of Truth have been told to us, our beginning was and is in God – made in His image and His likeness. He knows who we are and who He created us to be. Whenever you're in doubt about your worth, whenever you cannot see your purpose beyond the heat of adversity, afflictions or circumstances, ask Him to take you back to "in the beginning" so you can dream again, for "in the beginning" He took that which was void, empty and without tangible evidence of purpose and created it into that which is very good.

*A Simple Truth is a daily devotional to reveal and unlock truth in our hearts that leads the way to living the fullness of life promised to us in Christ.*
