## **Women's Business Alliance**

### **An Overview**

Many within the body of Christ lack understanding of who we truly are and how we are created to be rulers in the earth. As rulers, we have the ability through the power of God to shut down the enemy's operation, to restore places that are ruined and desolate, and to bring about peace. As we are properly positioned within the Kingdom of God and operate according to His way of doing things, we will no longer succumb to or be overwhelmed by situations and circumstances happening around us; instead we will exercise authority to defeat the works of the devil and relieve the oppression of individuals within our realm of influence. Often we knowingly or unknowingly try to do this by ourselves, in our own strength or within a small group of other individuals with whom we may feel comfortable. We need to see the benefits of what multiplied power in action can achieve. In order to accomplish this God's way we have to embrace who He may strategically connect us with spiritually. Unity, harmony, love and peace bring forth a manifestation of the power of God that changes things. Just look at what 12 unlearned men did in turning the known world upside down by following the instructions of Jesus Christ while being led by the Holy Spirit (Act 4:13).

### **The Purpose of the Women's Business Alliance**

We are in the most challenging economic times this country has encountered since the Great Depression and we have not yet seen the full effects of it. However, this is the greatest opportunity for God to be glorified through us. There is a promise from the Lord that the righteous will not be affected by worldly afflictions. However, the condition by which we will see the fulfillment of this promise is putting into practice what God wants done, how He wants it done and when He wants it done. We are not

talking about creating another institutionalized organization just to do so, for there are many institutions in place now but how effective are they in bringing about eternal and fruitful change? We have permitted ourselves to lose sight of the truth that “church” is not based upon a brick and mortar edifice built by the hands of men. Church is a relational being comprised of individuals representing many parts, put together and built through relationship with our head Jesus Christ and with one another through His Spirit (Romans 12; Ephesians 4:16). Therefore, what God is doing will not be constrained or limited by four walls.

God has a purpose for those who are called outside of standing in a church pulpit. Many church programs exclude venues that properly address opportunities to make an impact on the lost where they are located: in the marketplace. As Jesus sent out 12 men who were businessmen, they were sent into the marketplace — not into the church communities. Individuals who are key leaders, business owners and centers of influence have the greatest opportunity to advance the Kingdom of God like never before – right there within the areas where they operate on a daily basis. Even though many workers are prohibited from witnessing by preaching the word of God, it does not limit us in application for we are to be a witness in word and in deed. Most churches facilitate the saints coming together through worship, prayer and the teaching or preaching of the word. This is how it should be for we should not forsake the assembly of our brethren (Hebrews 10:25). Unfortunately, most people are not being taught within that setting to understand our positioning and our assignments as kings on how to be strengthened and fine-tuned in such a way that will cause an impact in the marketplace: dispossessing the enemy and regaining our kingdom position as rulers. In our positions of ruling, economies to support those who are afflicted, oppressed and disenfranchised will be established through God's instruction. Our good works and fruit of righteousness will draw the lost to God like never before because they will see a level of confidence that is undeniable as they are drawn to us for answers the world cannot provide. It must first be formed in the realm of the spirit from within us before being manifested around us in the natural.

God's role for women in the marketplace is very strategic and pivotal in dispossessing the enemy. Individuals He is calling and speaking to even now will be key as the heel of the women bruises the head of the serpent.

*Women, it is now time to make a significant impact for the Kingdom of God!*

### **The Agenda for the Women's Business Alliance**

The Women's Business Alliance is a Kingdom Network Affiliate outreach of Hesus Ministries International through our Doing Business With Excellence program. God is calling forth women in key cities throughout the country to come together once a month to dine and fellowship together while learning how to apply simple kingdom principles that will bring great success and glory to our King, Jesus Christ. It is a time of being strengthened in our resolve to take back everything the enemy has stolen, and dispossessing him out of the

land that has been promised to us. The format for each meeting is simple: worship, teaching and prayer, all focused on what the Spirit of the Lord is saying and directing us to do in our respective regions. It is a time of stretching our faith together, believing and trusting God to manifest the impossible through us in uncertain and turbulent times while advancing His kingdom in the earth. It is a time of revealing instruction through the word of God that will cause us to be accurate in executing His instructions, causing the nations to bring themselves to God as an inheritance along with their wealth. This is primarily how the wealth of the wicked will be transferred to the just because we will demonstrate our ability to maximize the use of wealth and its purpose, all for the glory of God.

### **Will You Be One?**

Will you be one to heed the call and become more effective in your purpose to advance the kingdom of God? As stated before, this is not an institution that is being formed but a net being knitted through networking together in oneness with God to accomplish His purpose in the earth. It will require obedience through faith; for the just shall live by faith (Romans 1:17).

Everyone who calls on the name of the Lord will be saved (Romans 10:13). However, unless they hear, see and believe it will not happen. It is the Word proclaimed by those who are willing to be one sent by the Lord that will instill faith in those who need to hear about His goodness and kindness. It is the only way; so will you be one He sends to reach those who are lost in the marketplace? If so, the Women's Business Alliance is the place to start.
